We are at War! 2024

by **MG Paul E Vallely US Army (Ret)**
Chairman of the Stand Up America US Foundation

The average American Citizen cannot even begin to comprehend the savagery, horrors, and bloody carnage that will be unleashed within the United States by the hundreds of thousands of Communist Chinese Military personnel, Iranian Islamic Terrorists bolstering Iranian Terror Cells in the US, the Radical Islamic Hamas, Hezbollah, and Al Qaeda Terrorists, Communist Cubans, and Venezuelan Communists who have invaded the United States because of Barrack Hussein Obama's three years "Open Border Policy." A future planned attack within the US will be more vicious than the October 7, 2023, surprise attack in Israel by Hamas Radical Terrorists.

The plan to attack the US is right out of Unrestricted Warfare, a 1999 book written by two Communist Chinese Air Force Colonels, that the Chinese Communist Party (CCP) is planning to execute within the United States; it will kill and subjugate millions of American Citizens, employing the Communist Chinese Army and its allies that have invaded the United States over the last three years. That "Unrestricted Warfare Plan," to kill and subjugate Americans, was first published in 1999 by the PLA Literature and Arts Publishing House in Beijing. The

“Unrestricted Warfare Plan” encourages the CCP to employ every offensive military tactic to attack, kill, and subjugate American Citizens within the United States.

The CCP has been telling the Chinese people for three years that Communist China is at War with the United States. Iran, the Largest State Sponsor of Terrorism in the world, who “Declared War” on the US in 1979, is a CCP’s ally in the “Unrestricted War Plan” to invade, attack, kill, and then subjugate citizens of the United States. Iran has been killing and maiming American service members since it blew up the Beirut Marine Corps Barracks in 1983; it continued killing US Military service members for 37 years by delivering roadside bombs manufactured in Iran to terrorists and the Taliban in Iraq and Afghanistan. Since September, in over 200 strikes, Iranian terrorists have continued attacking and trying to kill US military personnel in Syria and Iraq.

Obama has been openly supporting Communist China and Iran’s development of nuclear weapons since 2006; he continued the massive financial support for Iran by having the Biden administration eliminate the US restriction on China and India from purchasing Iran’s crude oil and by also having Biden transfer $16 billion to Iran in the last six months; that financial support has helped fund Iran’s continued development of its nuclear weapons. Since 1979, Iran’s long-term goal has been to attack and destroy Israel and the United States with nuclear-tipped missiles; Iran has since developed their long-range missiles, and they are close to developing nuclear weapons.

Unfortunately, for “over three years,” Obama has given his former Oval Office Staff, who are in control of Biden’s Oval Office, strict orders to keep the US borders wide-open, following his pledge to “Fundamentally transform the United States.” During those three years, Communist China invaded the United States with over 400,000 single military-aged Chinese Communist Army personnel. Communist Chinese Army personnel continue to invade through those wide-open borders.

Thousands of the Radical Islamic Hamas, Hezbollah, Al Qaeda, and Iranian Terrorists, as well as Cuban Communists and Venezuelan Communists, have been invading through the wide-open borders; they will coordinate their operations with Communist China. The Communist Chinese Military personnel and their allies are being armed from a large inventory of heavy and automatic weapons shipped by Communist China to Mexico, which was smuggled into the United States through the wide-open southern border by Mexican Drug Cartels.

Typically, Illegal Aliens who enter the United States are preoccupied with looking for their next meal, seeking a place to live, and trying to find a way to earn a livelihood. However, within weeks of entering the United States, there are videos posted on X (Twitter) showing single military-aged male Communist Chinese Illegal Aliens have been involved in target practice, firing rifles and automatic weapons. One of the videos is of a Chinese military-aged female firing a sniper rifle.

Obama has had the Biden administration contract jet passenger aircraft, paid for by US taxpayers, to operate secret night flights to overfly the border and the US Border Patrol in

transporting over 320,000 Illegal Aliens from Cuba, Haiti, Venezuela, El Salvidor, Guatemala, Honduras, Columbia, and Ecuador to deliver Illegal Aliens directly to 43 US cities.

By avoiding US Border Patrol Agents, Obama has been “smuggling” Illegal Aliens into the United States and has been “violating” and “abetting” US Federal Immigration Laws, “trafficking” Illegal Aliens. Someone should go to prison for the repeated and continued violation of US Federal Immigration Laws by “smuggling” over 320,000 Illegal Aliens into the United States.

For three years, Biden and Obama have been “Providing Aid and Comfort for Foreign Enemy Combatants Invading the United States.” They have been complicit in allowing hundreds of thousands of enemy combatants to invade the United States through the wide-open borders, unimpeded while being hidden among the 14 million Illegal Aliens massively invading the US. Then, they allowed enemy combatants to take residence in key locations throughout the US. They are continuing to enable hundreds of thousands of additional enemy combatants to flood into the United States, hidden among the 350,000 Illegal Aliens invading the US each month. The Biden and Obama White House has a new name for Terrorists listed on the FBI Watch List who avoided capture: Radical Islamic Hamas, Hezbollah, and Al Qaeda Terrorists, Communist Cubans, Venezuelan Communists, and Communist Chinese Military enemy combatants; they are now being called “Newcomers,” not Illegal Aliens.

The Biden/Obama administration is now supporting putting guns into the hands of Criminal Illegal Aliens who violated US Federal Law by illegally entering the United States. They have supported hiring and arming Criminal Illegal Aliens as police officers in Los Angeles, who have the power to control and arrest US Citizens. The Biden/Obama administration’s US Justice Department had to approve those hires. Those hires are a betrayal of American Citizens and in violation of US Federal Law—ILLEGAL ALIENS ARE PREVENTED FROM BEING IN POSSESSION OF FIREARMS OR AMMUNITION. Democrats passed that Federal Law in 1968, which PROHIBITED Illegal Aliens and foreign citizens from possessing firearms and ammunition.

The Directors and Heads of the following US Government Agency are aware of the planned attacks on American Citizens outlined in the CCP Manual of 1999. Biden and Obama, the Director of the FBI, US Attorney General, the Director of the CIA, the Secretary of Defense, the Chairman of the Joint Chiefs of Staff, Director of National Intelligence, the Secretary of Homeland Security, Sen Minority Leader McConnel, Sen Majority Leader Schumer, House Speaker Johnson, House Minority Leader Jeffries, and Nancy Pelosi all are aware that Beijing has been operationalizing the recommendations of the two Communist Chinese Air Force Colonels outlined in the CCP manual, in preparation for their attack within the United States. The CCP has been preparing for an attack within the United States for three years by putting the infrastructure in place in the US and by invading a large military force with allies into the US to be able to execute the attack on Americans within the US.

Over the last three years, the above-listed Agency Directors and Heads have not taken the necessary defensive steps to protect the lives of 350 million American Citizens from the

Unrestricted Warfare planned to take place in the US, outlined by the two Communist Chinese Air Force Colonels. American cities, military bases, airports, seaports, national transportation systems, and food storage & delivery facilities do not have sufficient security nor adequate backup power systems. The electrical grid, the electrical power generation & delivery stations, the telecommunications network, the banking & stock market electronic systems, potable water purification & delivery systems, and waste systems have not been adequately protected from cyber-attacks.

The nation's County Sheriffs, Police Chiefs, and retired FBI Agents have repeatedly expressed their grave concern about the deadly threat facing all Americans, from the hundreds of thousands of Communist Chinese Army personnel, the thousands of Radical Islamic Terrorists, and the Terrorists listed on the FBI Terror Watch list who have evaded capture and have been successfully entering the United States over the last three years. The FBI stated they are surveilling over "300" terrorists; there is no doubt that hundreds of thousands of terrorists and enemies of the US have invaded the US and are not being surveilled.

Barrack Hussein Obama's "Wide-Open Border Policy" should have been terminated years ago to put a stop to the invasion of the United States by 14 million Illegal Aliens from 170 countries, including by well-trained Communist Chinese Army personnel, thousands of Radical Islamic Terrorists, Communist Cubans, and Communist Venezuelans. They are planning to destroy the infrastructure of the United States, attack military facilities, and kill American Citizens. The Biden/Obama administration has been funneling a staggering $10 billion in taxpayer funds to NGOs to facilitate the smuggling of 14 million Illegal Aliens into the United States; those funds should have been used to repair and build needed infrastructure, pay for student education, or cover the healthcare for needy Americans.

For three years, the Biden/Obama administration has been driving gun dealers out of business to radically transform the firearms industry and make it more difficult for American citizens to arm and protect themselves. The Biden/Obama administration is intentionally driving gun dealers out of business, which is having a detrimental effect on the ability of American citizens to purchase guns for self-defense and to protect their families from the invading Communist Chinese Army and the Radical Islamic Hamas, Hezbollah, Al Qaeda, and Iranian Terrorists who are planning to attack and kill American Citizens.

By driving gun dealers out of business, Obama is trying to prevent American Citizens from buying weapons to protect them and their families from the invading Communist Chinese Army personnel and terrorists. The Bureau of Alcohol, Tobacco, Firearms, and Explosives (BATF) has been ordered to establish a new zero-tolerance policy, using any trivial or inconsequential paperwork typo error in the firearm dealer's paperwork as the "new" grounds to cite as a reason for firearm dealers for losing their license. In that manner, the Biden/Obama administration has been able to drive firearm dealers out of business. The Biden/Obama administration citing trivial paperwork typo errors as a reason for canceling licenses has already put nearly two thousand firearm dealers out of business and prevented millions of American Citizens from

purchasing weapons to protect themselves and their families from armed Communist Chinese and terrorist invaders.
